## Smart Controller

### List of Manufacturer's Qualified Installers and Eligible Products

**Commercial/HOA/Public Sites ONLY: \*\*If the controller will not be installed by in-house staff, the installer must be on the list below.**

*These contractors have been identified by the product manufacturer as capable of installing and/or programming the manufacturer's product. This list is not an endorsement or recommendation of any contractors by the San Diego County Water Authority. The Water Authority has compiled this list as a public service and makes no representation or warranty of the qualifications and/or workmanship of any contractor. The Water Authority and Honeywell do not assume any liability for services performed and are not responsible for any agreements made between parties on this list and customers of the Program.*

**Note:**

- ▶ SDCWA does not warrant the performance of any product listed above. Actual water savings may vary.
- ▶ This list is **subject to change** by the San Diego County Water Authority pending results from the Irrigation Association's Smart Water Application Technology product testing. Eligible products must meet the following criteria: Monitor and use information about environmental conditions for a specific location and landscape - information such as soil moisture, rain, wind, the plants' evaporation and transpiration (I/TO) rates, and, in some cases, plant type and more - to decide for themselves when to water, and when not to, providing exactly the right amount of water to maintain lush, healthy growing conditions.
- ▶ To learn more about Smart Controllers, please visit the Irrigation Association's website: <http://www.irrigation.org/swat/default.asp>
- ▶ **Commercial/HOA/Public: Questions?** Call 800.986.4538 (option 2, 5)
- ▶ **Residential: Questions?** Call 888-376-3314
