

Smart Controller Rebate Program For Single-family Homeowners

***New,
increased
customer
incentive!***

A 'Smart' or Weather-based Irrigation Controller can be an effective technology for reducing water usage outdoors. Unlike a standard automatic timer that turns on the sprinklers at set intervals, a 'Smart' Controller uses weather data and site information such as plant type and sprinkler system output to adjust watering times and frequency. The device may provide more efficient watering, reduce run-off and improve the health of a landscape.

Rebate Amount: Up to \$350.00 toward the purchase of a 'Smart' Controller

Minimum Requirements:

- Single-family customer of a participating water agency
- New controller must be installed on fully operational, in-ground irrigation system with a minimum of four valves/zones (*existing controller not required*)
- Have at least 2,000 sq. feet of irrigated landscaping
- Purchase and install a qualifying controller (*see web site address of controller list below*)
- Customer must agree to a post-installation inspection upon request

Rebate Process:

Step 1. Check your water bill and verify that you're a customer of one of the following participating water agencies: City of San Diego, Helix Water District, Olivenhain Municipal Water District, Otay Water District, Rincon del Diablo Municipal Water District, Santa Fe Irrigation District, Sweetwater Authority, Valley Center Municipal Water District or Vista Irrigation District.

Note: City of San Diego customers must call (619) 570-1999 to schedule a Water Conservation Survey BEFORE participating in the Smart Controller Rebate program.

Step 2. Purchase and install a Smart Controller listed on the San Diego County Water Authority's "Eligible Products List." Only products purchased and installed after July 1, 2007 qualify for the rebate. View a list of eligible products at <http://www.sdcwa.org/manage/pdf/Conservation/Installers.pdf>.

Note: Professional installation is recommended but not required. A list of certified installers is available on the eligible products list.

Step 3. Complete rebate application (*limit one per household*).

Step 4. Mail completed application and original purchase/sales receipt to your water agency listed below (*must be postmarked no later than June 30, 2008*). Make a copy of your application and receipts for your files.

City of San Diego Water Dept.
Smart Controller Rebate
600 B St. Ste. 1210 MS 912
San Diego, CA 92101
(619) 570-1999
mahall@sandiego.gov

Helix Water District
Smart Controller Rebate
7811 University Ave.
La Mesa, CA 91941
(619) 667-6202
conserve@helixwater.org

Olivenhain Municipal Water District
Smart Controller Rebate
1966 Olivenhain Road
Encinitas, CA 92024
(760) 632-4641
tchase@olivenhain.com

Otay Water District
Smart Controller Rebate
2554 Sweetwater Springs Blvd.
Spring Valley, CA 91978
(619) 670-2291

Smart Controller Rebate
1391 Engineer St.
Vista, CA 92081
(760) 597-3160
breyes@vid-h2o.org

Step 5. Receive your rebate! Allow 6-8 weeks for rebate to be distributed. Your water agency may contact you to schedule a post-installation inspection prior to distributing the rebate.

Smart Controller Residential Rebate Program Application

PLEASE NOTE: Applications are processed in the order received. Rebates will be distributed on a first-come, first-served basis. Funding is limited; therefore, **rebates are not guaranteed. Please remember to enclose the original sales/purchase receipt for your new controller and installation receipt/invoice (if professionally installed) with this application. To be eligible for a rebate, the make and model of the new controller must be listed on the "Approved Smart Controllers" list** (<http://www.sdcwa.org/manage/pdf/Conservation/Installers.pdf>). Please allow 6-8 weeks to receive the rebate. Mail the completed application to your water agency (see mailing address on reverse side). Note: City of San Diego customers must call (619) 570-1999 and be pre-qualified for this program.

1. Account Information
