PUBLIC COMMENT

There were no members of the public who wished to speak.

CHAIR'S REPORT

Vice Chair Fong-Sakai briefed the Board on the Water Authority hosted tour for Imperial Valley representatives. She stated the featured stops were the Carlsbad Desalination Plant, Padre Dam Advanced Water Purification demonstration facility, and San Vicente Dam. She attended the tour, along with Chair Muir and Director Wilson, and described it as a great way to build stronger relationships with Imperial Valley and to share information about critical projects in the San Diego region.

Vice Chair Fong-Sakai reported the cost to repair Oroville's spillway could reach \$500 million, which was almost double the original budget of \$275 million. She announced DWR was hoping FEMA would pay for 75% of the repair costs, and said any remaining costs were expected to be covered by agencies that stored water in Oroville, which would be State Water Project contractors. She added that until the spillway was fully repaired, currently scheduled to be completed next year, Oroville would operate at a lower level to avoid spills. The change in operations would impact next year's SWP allocation.

Vice Chair Fong-Sakai requested Ms. Chen brief the board on the funding status of the California WaterFix. Ms. Chen provided an update on California WaterFix assumptions and the contractor's participation level.

Board members asked questions and staff provided answers.
