1. Roll call – determination of quorum.

2. Additions to agenda (Government Code Section 54954.2(b)).

3. Public comment – opportunities for members of the public to address the Committee on matters within the Committee’s jurisdiction.

4. Chair’s report.
   4-A Directors’ comments.

I. CONSENT CALENDAR

1. MWD Agricultural Water Conservation Program.
   1-A Metropolitan Water District of Southern California’s fiscal year 2011 Agricultural Water Conservation Program. 
   Staff recommendation: Authorize the General Manager to execute an agreement with Metropolitan Water District of Southern California to participate in its fiscal year 2011 Agricultural Water Conservation Program. (Action)
1-B Amend the professional services contract with Mission Resource Conservation District for the operation of the San Diego County Water Authority Agricultural Water Management Program and the new Metropolitan Water District of Southern California Agricultural Conservation Program for fiscal year 2011.

Staff recommendation: Authorize the General Manager to execute Amendment No.1 with Mission Resource Conservation District in the amount of $75,000, for a total contract amount not-to-exceed $230,000, extending the term to June 30, 2011 and modifying the scope of work to implement the Metropolitan Water District of Southern California’s Agricultural Conservation Program for fiscal year 2011. (Action)

II. ACTION/DISCUSSION

1. Legislative Issues.
   1-A Report by Carpi and Clay. (pickup packet) Jeff Volberg

2. WaterSmart Target Project.
   2-A WaterSmart Target Project update. (Information) Mayda Portillo

   2-B Amendment to professional services contract with Civic Resources Group, LLC.
   Staff recommendation: Authorize the General Manager to approve a $250,000 contract amendment with Civic Resources Group LLC, for a term of twelve months. (Action)

III. INFORMATION

1. Presentation on SCOOP quarterly report. Emily Yanushka

2. Public Affairs outreach activities quarterly report. Jason Foster

5. Status report on legislation and legislative positions. Alexi Schnell
IV. ADJOURNMENT

NOTE: This meeting is called as a Legislation, Conservation, and Outreach Committee meeting. Because a quorum of the Board may be present, the meeting is also noticed as a Board meeting. Members of the Board who are not members of the Committee may participate in the meeting pursuant to Section 2.00.060(g) of the Authority Administrative Code (Recodified). All items on the agenda, including information items, may be deliberated and become subject to action. All public documents provided to the committee or Board for this meeting including materials related to an item on this agenda and submitted to the Board of Directors within 72 hours prior to this meeting may be reviewed at the San Diego County Water Authority headquarters located at 4677 Overland Avenue, San Diego, CA 92123 at the reception desk during normal business hours.
June 16, 2010

Attention: Legislation, Conservation, and Outreach Committee

Metropolitan Water District of Southern California’s fiscal year 2011 Agricultural Water Conservation Program. (Action)

Staff recommendation
Authorize the General Manager to execute an agreement with Metropolitan Water District of Southern California to participate in its fiscal year 2011 Agricultural Water Conservation Program.

Alternative
Do not approve participation in MWD’s Agricultural Water Conservation Program for fiscal year 2011.

Fiscal impact
The cost to the San Diego County Water Authority to implement Metropolitan Water District of Southern California’s (MWD) member agency-administered Agricultural Water Conservation Program (Ag Program) is estimated at $25,000 for fiscal year 2011, and is funded by Water Authority Proposition 50, Chapter 8 Department of Water Resources grant. The rate category is Customer Service.

Background
MWD’s Interim Agricultural Water Program (IAWP) will end December 31, 2012 and as a result MWD developed an Ag Program during fiscal year 2010. In May 2010, as part of their Water Conservation Plan for fiscal year 2011, the MWD Board approved an Ag Program to assist agricultural customers that opt out of the IAWP, or pay full service rates. The fiscal year 2011 Ag Program is scheduled to launch on July 1, 2010 as a member agency administered program with a $2M budget, and is based on $195 per acre-foot (AF) of estimated water savings resulting from improvements in irrigation system from capital improvements.

Previous Board actions:
December 2008: Board approved Resolution 2008-17 for the acceptance of Proposition 50, Chapter 8 grant award.

Discussion
The MWD Ag Program will provide incentives to assist agricultural customers to use water more efficiently. Customers must opt out of MWD’s IAWP in order to participate. The program is scheduled to launch on July 1, 2010 as a member agency administered program. MWD member agencies are responsible for marketing the program, tracking and approving program applications, performing an initial site audit to determine the status of the irrigation system, and recommend irrigation system improvements to increase efficiency. MWD will pay for the post-audit and pay participants 10 years of calculated water savings at $195/AF, or 50 percent of approved project costs, whichever is less.
The MWD Ag Agreement contains the rate structure integrity (RSI) provision. MWD will not provide funding except pursuant to an agreement that contains the RSI provision. In April 2007 the Board authorized incentive agreements with MWD that include the RSI clause.

MWD’s implementation guidelines for the member agency administered program require agencies to utilize local conservation districts to perform the program’s initial and final audits. Staff is recommending approval of Amendment No. 1 to the Mission Resource Conservation District contract for the implementation of MWD’s Ag Program. Mission RCD has been under contract to the Water Authority to operate the regional Ag Water Management Program since 1990.

The cost to the Water Authority to implement MWD’s Ag Program is estimated at $25,000 for fiscal year 2011 and will be paid for through Proposition 50 funding from the Department of Water Resources. Water Authority member agency co-funding is not required to participate in MWD’s Ag Program. Water Authority staff has worked closely with its member agencies, the San Diego Farm Bureau, UC Davis, and Mission RCD to provide input for the development of the Ag Program, and anticipates a high participation rate for fiscal year 2011.

Attention: Legislation, Conservation, and Outreach Committee

Amend the professional services contract with Mission Resource Conservation District for the operation of the San Diego County Water Authority Agricultural Water Management Program and the new Metropolitan Water District of Southern California Agricultural Conservation Program for fiscal year 2011. (Action)

Staff recommendation
Authorize the General Manager to execute Amendment No. 1 with Mission Resource Conservation District (Mission RCD) in the amount of $75,000, for a total contract amount not-to-exceed $230,000, extending the term to June 30, 2011 and modifying the scope of work to implement the Metropolitan Water District of Southern California’s (MWD) Agricultural Conservation Program (Ag Program) for fiscal year 2011.

Alternatives
Do not approve the contract amendment and direct staff to begin the competitive Request for Proposal process to secure a new vendor to operate the San Diego County Water Authority Agricultural Water Management Program and the MWD Ag Conservation Program for fiscal year 2011.

Fiscal impact
The $75,000 value of Amendment No. 1 to Mission RCD’s contract is funded by Proposition 50, Chapter 8 Department of Water Resources grant. The rate category is Customer Service.

Background
Mission RCD has been under contract with the Water Authority to operate agricultural water management services since 1990. Mission RCD has provided more than 1,850 audits on more than 30,000 acres of avocados, citrus, field flowers, and other fruits and ornamentals. The goal of the program is to provide technical assistance to growers to enable them to irrigate crops as efficiently as possible in order to obtain the maximum economic benefit from limited water resources. Additionally, the program enables the Water Authority to meet the requirements of the Memorandum of Understanding with the Agricultural Water Management Council regarding Efficient Water Management Practices by agricultural water suppliers in California.

MWD’s Interim Agricultural Water Program (IAWP) will end December 31, 2012 and as a result MWD developed an Ag Program during fiscal year 2010. In May 2010, as part of their Water Conservation Plan for fiscal year 2011, the MWD Board approved an Ag Program to assist agricultural customers that opt out of the IAWP, or pay full service rates. The fiscal year 2011 Ag Program is scheduled to launch on July 1, 2010 as a member agency-administered program with a $2M budget, and is based on $195 per acre-foot (AF) of estimated water savings resulting from improvements in irrigation system from capital improvements.
Previous Board actions:

December 2008: The Board approved Resolution 2008-17 for the acceptance of Proposition 50, Chapter 8 grant award.

Discussion
Mission RCD through the Water Authority’s Agriculture Water Management Program (AWMP) provides technical information to the grower by conducting an agricultural audit that includes visual observations of the irrigation system, examination of soil and crop materials; pump testing, and answering the grower’s questions. A written report is provided that summarizes the irrigation system’s hydraulic characteristics, soil profiles, and provides recommendations to improve the overall system efficiency. Local weather data, crop water demands, and information on cultural practices are also provided. Potential yield improvements and water savings realized from improvements in irrigation efficiency are explained to the grower. Follow-up service is provided to determine system improvements and encourage implementation of recommendations.

In a separate Board action item for June 2010 staff is recommending approval to enter into an agreement with MWD to participate in its Ag Program for fiscal year 2011. The MWD Ag Program will provide incentives to assist agricultural customers to use water more efficiently. The program is scheduled to launch on July 1, 2010 as a member agency administered program. MWD member agencies are responsible for marketing the program, tracking and approving program applications, performing an initial site audit to determine the status of the irrigation system, and recommend irrigation system improvements to increase efficiency. MWD’s implementation guidelines for the member agency administered program require agencies to utilize local conservation districts to perform the program’s initial and final audits. MWD will pay for the post-audit and pay participants 10 years of calculated water savings at $195/AF, or 50 percent of approved project costs, whichever is less. Water Authority staff has worked closely with its member agencies, the San Diego Farm Bureau, UC Davis, and Mission RCD to provide input for the development of the Ag Program, and anticipates a high participation rate for fiscal year 2011.

The cost to the Water Authority to implement its AWMP and MWD’s Ag Program is estimated at $75,000 for fiscal year 2011 and will be paid through the Proposition 50 funding from the Department of Water Resources. Water Authority member agency co-funding is not required to participate in either the Water Authority’s AWMP or MWD’s Ag Program.

WaterSmart Target Project Update (Information)

Purpose
This report provides an update on the implementation of the WaterSmart Target program.

Background
In February 2007 the Board authorized staff to contract with Civic Resource Group, LLC (CRG) for the development of a regional, web-driven water budget program. A landscape water budget is an objective water use target based on irrigated area and local climate. The web-driven water budget program, or WaterSmart Target (WST), is an internet-based geographic information system that integrates several applications, including a landscape measurement tool, a water consumption data tool, a weather station data link, and a reporting function for distributing water budget results.

The original intent of the WST program was to simplify the process and reduce the costs associated with water utilities’ development of irrigation water budgets. Regional development of the program is nearly complete, and the WST program is available for local use by 14 participating member agencies. The WST system provides retail water agencies with automated tools to help calculate appropriate water use targets for accounts with dedicated landscape meters. Under consideration is a request from member agencies to expand the tool to all meter types.

The Water Authority has partnered with the Metropolitan Water District (MWD) to provide assistance to member agencies to locally implement the WST program. The Landscape Auditor Intern Program is funded by an Enhanced Conservation Program grant from MWD, and administered by Cuyamaca College. The intern program has trained and placed 14 interns at 10 member agencies. Students are recruited from the horticulture programs throughout the San Diego region. Interns are responsible for approximately 85 percent of the area measurements and water budgets completed to date via the WST program. Some agencies, such as Olivenhain Municipal Water District, Helix Water District, and Rincon Del Diablo Municipal Water District, have hired past interns as consultants upon completion of the internship cycle.

Since the WST program’s roll-out in September 2008, member agencies have completed over 2,600 landscape area measurements and 1,200 irrigation water budgets. The WST system is actively in use by member agencies, and users are demonstrating that the development of water budgets, once a lengthy, complex, and costly process involving field measurements, has been simplified and automated to provide a cost-effective alternative. When participating agencies are fully uploaded with the requisite data and are staffed to operate the program, users are able to digitally measure landscape areas and generate water budgets with a few computer clicks. The tool also includes an assortment of productivity features to manage work flow and track performance.
Regional water conservation objectives have significantly evolved since the WST system was originated. Local drought restrictions and statewide regulations now in effect, such as AB 1881 and SBx7-7, have made the WST program increasingly relevant to member agencies. Participating agencies are using the WST program as an educational resource to target and reduce water waste, and as a productivity tool to support the issuance and enforcement of water budgets; particularly in relation to tiered rate structures.

The original scope of WST program development is mostly completed. The CRG contract terminates June 30, 2010. In recommending an amendment to the professional services agreement with CRG in the accompanying board memo, staff collaborated closely with member agencies to address the financial sustainability of the WST program, including the necessary commitment of participating agencies to local roles and responsibilities.

Total resources allocated to the development and implementation of the WST program (including the Intern Program) amounts to $932,000. Grant funds applied to this program total $399,000 consisting of awards from MWD, the Department of Water Resources (Prop. 50), and the United States Bureau of Reclamation (Water 2025). The remaining budget of $533,000 is comprised of Water Authority operating funds. Additional funds for member agency administered programs, such as WST, may be available from MWD in fiscal year 2011.

Planned WST program activities through June 30, 2011 include fulfillment of any outstanding obligations to grant funding agencies; transfer of technology to participating member agencies; trial implementation of potential cost recovery and revenue generation opportunities; and development of a WST Program Management Plan to clearly delineate any subsequent responsibilities by member agencies and the Water Authority.

Amendment to professional services contract with Civic Resources Group, LLC. (Action)

Staff recommendation
1. Authorize the General Manager to approve a $250,000 contract amendment with Civic Resources Group LLC, for a term of twelve months.

Alternative
1. Temporarily discontinue WaterSmart Target services to member agencies for an estimated nine months to allow for the issuance of a new request for proposals.

Fiscal impact
The work is anticipated to be completed in 12 months. Of the proposed $250,000, $100,000 is currently budgeted in the Water Conservation Program operating budget, and $150,000 is grant funds from Proposition 50, Department of Water Resources (DWR). The rate category, for operating funds only, is Customer Service.

Background
In 2007 the Water Authority awarded a contract to Civic Resource Group , LLC (CRG) for the development and management of the WaterSmart Target program, which builds upon the City of San Diego’s successful Water Resources Landscape Database water budget program. Since inception, the contract has undergone two amendments for a total of $134,993, bringing the total contract value to $328,993. The first amendment in the amount of $49,993 facilitated the integration of ten member agencies into WaterSmart Target. The second amendment for $85,000, approved by the Board in February 2009, funded additional enhancements and extended system hosting and maintenance through June 30, 2010.

Fourteen of the Water Authority’s member agencies have access to the tool and ten are actively using it. The most active agencies rely on interns from the regional Landscape Auditor Intern Program funded by the Water Authority and Metropolitan Water District, and operated by Cuyamaca College to aid with water budget efforts.

Previous Board Actions:
June 2006: The Board approved an increase of $1,327,957 to fiscal year 2006 and fiscal year 2007 total water Conservation program budget, including funding for the development of this program.

January 200: The Board approved the purchase of infrared satellite imagery of the San Diego County Water Authority’s service area and adjacent watersheds, for an amount not to exceed $95,000.
February 2007: The Board approved a contract for the web driven water budget software with Civic Resources Group, LLC for an amount not-to-exceed $194,000.

February 2009: The Board authorized an amendment to professional services contract with Civic Resource Group, LLC for the completion of Phase 1 of the WaterSmart Target System and ongoing system maintenance for an amount not to exceed $134,993.

Discussion
The Water Authority proposes to continue ongoing program operations in the near-term to fulfill grant obligations and transition long-term program operations to member agencies. Local agency operation would facilitate further program customization which is important to member agencies. Grant funds will subsidize member agency efforts to implement water budgets using WaterSmart Target through December 31, 2013. Extending the CRG contract is key to enabling agencies to access DWR grant funds.

In response to member agency requests to continue WaterSmart Target and further customize it, the Water Authority proposes to transition the program to member agencies over the next twelve months. To facilitate a timely transition, staff recommends amending the contract with CRG for a term of 12 months at a cost of $250,000. The scope of services for the CRG amendment consists of:

1. Continued near-term support for member agencies to fulfill grant obligations ($75,000).
2. Transferring WaterSmart Target operations to local member agencies to accommodate greater customization ($105,000).
3. Expanding measurement tool to all agencies and all accounts ($65,000).
4. Exploring and testing options for cost recovery and revenue generation to offset program costs ($5,000).

WaterSmart Target will continue to serve as a resource to agencies in implementing SBX7-7. The program’s ability to identify water use targets based on landscape area and local climate is invaluable to agencies looking to rely on water budgets to meet SBX7-7 targets in 2015 and 2020. The transferring of operations will facilitate and expedite local agencies’ efforts to respond to future water resource management challenges.

Civic Resource Group LLC is a small firm. The information is provided for statistical purposes.

Small Contractor Outreach and Opportunities Program (SCOOP) Quarterly Report (Information)

Discussion
The purpose of the SCOOP program is to maximize small business participation on Water Authority contracts and procurements through networking, training, and technical assistance. This report provides a summary of the SCOOP activities and program measurements from July 1, 2009 through March 31, 2010.

Networking
Water Authority representatives participated in 82 outreach events through the third quarter. Staff reached out to 54 organizations through a variety of events, expositions, and workshops. Two of the larger and more prominent events are highlighted below.

SCOOP took part in the City of Santee’s annual Federal Procurement Outreach Workshop. Hosted by Santee’s Economic Development division at the City Hall complex, the event provided small businesses with an opportunity to meet procurement representatives from federal and local government agencies. The SCOOP team gave a presentation on “Doing Business with the Water Authority” and spoke with over 200 businesses throughout the day.

The Caltrans Small Business Exchange, previously known as the Caltrans Vendor Fair, was held in March at the Balboa Park Club. This popular half-day event was attended by 250 small businesses and was co-sponsored by members of the Public Agency Consortium (PAC). PAC is a collaboration among 12 San Diego-area public agencies that assists small businesses with government contracting.

Training
SCOOP launched its first online course, “Registering with The Network.” This self-paced tutorial guides firms through the process of enrolling in The Network, the Water Authority’s vendor registration, solicitation, and notification system. Firms will learn to enroll in the system, apply for small business certification, search for other small businesses, and update their accounts.

Through the end of the third quarter, 195 trainees attended “Get the SCOOP” training. Classes are now held bimonthly and have been compressed into three-hour time frames in anticipation of SCOOP’s next online course, “Doing Business with the Water Authority.” Since a portion of the material that is taught in each class will soon be available online, more classroom time can be spent on case studies and other effective learning activities.
A special guest panel featuring the five prequalified, potential contractors for the San Vicente Dam Raise – Package 3 project was held on February 17. This was the fifth outreach event related to the dam raise project and presented participants with the opportunity to network with each other and with the potential prime contractors.

Technical Assistance
Both the consultant and construction Mentor Protégé programs continue to provide small businesses with professional development opportunities for their companies. Small business protégés are matched with mentors from larger, more experienced companies who provide coaching and share industry expertise. The consultant mentoring program, administered by SCOOP staff, currently includes seven matches, with another three anticipated for the upcoming fiscal year. The construction Mentor Protégé program is a collaborative effort of the Associated General Contractors, the city of San Diego, and participating agencies, including the Water Authority. This program is administered by the city of San Diego and includes nine mentor protégé teams. With the recent graduation of Jose Pereira Engineering & Mechanical, Inc., seven small businesses have now successfully completed the program.

Small Business Participation
The Water Authority’s cumulative contract and purchase order awards for the quarter were approximately $27.6 million. Total dollars committed to small businesses exceeded $4 million, or 15 percent, of total dollars awarded by the Water Authority.

Further details of SCOOP statistics are given in the attachment to this report. Exhibit A (Program Measurements Summary) provides an overview of SCOOP outreach results. Information on minority-owned and women-owned businesses is made available to the Board for statistical purposes only.

Quarterly report on Public Affairs outreach activities (Information)

Background
From March 2010 through May 2010, Public Affairs supported Water Authority programs and projects, assisted member agencies, worked with communities directly affected by Water Authority construction projects, conducted media relations activities, worked on education programs, and supplied information through various means, including publications and online communications.

Discussion
During the quarter, Public Affairs focused on making progress on the Water Authority website redevelopment project, developing a marketing plan and website for a water efficient landscape demonstration site project headed by the Water Conservation program, making presentations to community groups on the outlook for water supplies and water rates, promoting conservation in school education programs, and informing communities affected by Water Authority capital projects about upcoming construction events.

Community Relations
Board members and staff completed 24 presentations and staff participated in nine outreach events in the community. Water Authority board members participated in several events around the county, including the AFL-CIO Labor Council Awards Dinner, the San Diego Regional Chamber of Commerce Congressional luncheon, the Union of Pan Asian Communities Gala, and the San Diego County Taxpayers Association Golden Watchdog and Golden Fleece Awards Dinner.

Media Relations
The Water Authority distributed eight news releases. The subjects of the news releases were:
- Continuation of shortage allocations and Drought Level 2 water use restrictions
- Board opposition to Prop 16
- Increase in MWD high efficiency clothes washer rebates
- Encouraging spring water conservation
- Receipt of a prominent fiscal management award
- Promotion of the ACWA Water Bond forum in San Diego County
- Signing a desalination planning MOU with Camp Pendleton
- Awarding of the San Vicente Dam Raise Package 3 contract

In addition, Public Affairs staff released statements from Chair Lewis responding to the Department of Water Resources March snowpack survey and water rate increases by MWD. Staff also assisted Director Wornham with submitting a letter to the Imperial Valley Press on the positive relationship between San Diego County and Imperial Valley.
Overall, staff tracked 59 media reports resulting from Water Authority communications or media requests. There were 49 print articles, two website stories and eight broadcast stories. More than half of the reports were related to conservation or water supply issues.

Key subjects covered during the period include:
- Water supply updates and the impact of above average precipitation last winter
- Camp Pendleton desalination planning MOU
- San Vicente Dam Raise Package 3
- MWD and Water Authority rate increases
- Appliance rebates available from MWD and the state
- Continuation of water supply allocations for another year

Publications and Online Communications
Staff distributed the *WaterSource* e-newsletter in April and issued two special editions: one in April announcing ACWA’s water bond forum and one in May after the Board’s decision to continue water shortage allocations for another year. Staff completed monthly distributions of *GM’s News and Notes* to board members and member agency general managers and *Connections* to employees.

School Education
Education staff, along with Director Croucher, judged the water-related Science Fair projects at the 2010 Science Fair. Four winners were selected and presented with awards at the April 2010 Board meeting. Staff continued to administer the year-long 20-Gallon challenge pledge program for schools. Since September, almost 1,900 students, from 336 schools representing 15 water districts have participated in the program. Two WaterSmart gardening workshops were held for 21 teachers at the Water Conservation Garden. A presentation on San Diego’s water resources and current water issues was made to 125 upper division students at UCSD. During the past three months, the Water Authority reached more than 30,743 students and 1,025 teachers through classroom presentations, teacher workshops, the school theater program, the Splash Lab program, and the distribution of curriculum materials.

Joint Public Information Council
Staff facilitated one meeting and two conference calls with member agency conservation coordinators and JPIC members, providing monthly legislative, outreach, and conservation program updates.

MWD/Water Authority Inspection Trips
In May, Director Saxod hosted a two-day inspection trip, which included visits to the Twin Oaks Valley Water Treatment Plant, Diamond Valley Lake, Copper Basin, the Whitsett Intake Pumping Plant, Parker Dam, Palo Verde Irrigation District farmlands, and Water Authority projects at the All-American Canal and at San Vicente Reservoir.

Also in May, Director Pocklington hosted a one-day local water resources inspection trip to the Hiram W. Wadsworth Pumping Plant at Diamond Valley Lake, the Robert A. Skinner
Treatment Plant, the city of Oceanside’s Mission Basin Desalter Facility, and the Water Authority’s Rancho Peñasquitos Pressure Control and Hydroelectric Facility.

CIP Projects

San Vicente Projects
For the San Vicente Dam Raise, staff hosted monthly project tours for community members in March, April, and May. Participants included residents near San Vicente Dam and former recreational users of the reservoir. Outreach consultant Katz & Associates invited members of the Lakeside Community Planning Group, Lakeside Chamber of Commerce, and Lakeside Historical Society to attend future project tours. The consultant developed PowerPoint slides for a staff presentation, “Getting Creative with Public Outreach,” delivered in April at the national conference of U.S. Society of Dams. Also in April, the outreach team mailed a community update to Muth Valley residents describing nighttime rock crushing activities.

For San Vicente Pipeline, staff presented an update to the Mira Mesa Town Council and began planning a dedication event celebrating the completion of the project. The outreach team also updated the mailing list for businesses adjacent to the Slaughterhouse Shaft in preparation for road repairs the contractor will perform in the area.

Overall ESP
The outreach consultant, Katz & Associates, distributed the spring 2010 issue of the ESP Update newsletter via postal mail and email. Staff posted the newsletter on the Water Authority website. The outreach team planned the conversion of the newsletter to an electronic document that will be distributed primarily via email beginning in summer 2010.

Lake Hodges Pipeline and Pump Station
Public Affairs staff and the project outreach consultant, Katz & Associates, emailed and mailed a community update letter. Staff provided a project update presentation to the Del Dios Town Council and posted signs along the portion of the Coast to Crest Trail that crosses the project site. The signs inform users that this previously closed segment of the trail is now open for public use during the weekends.

Mission Trails Projects
Public Affairs staff provided a project update presentation to the Tierrasanta Community Council, set up a booth to share project information at the “Explore Mission Trails Day” at Mission Trails Regional Park, and updated the project web page.

Pipelines 3 & 4 Miramar Hill to Scripps Ranch Pipeline Relining
Staff provided project update presentations to four homeowner associations, including the Terraces at Scripps Ranch, Nob Hill, Scripps Ranch Town Homes, and Miro/Ravel to help facilitate future pipeline relining activities within their respective communities.
Other CIP activities
Staff hosted public hearings in Escondido and at the Kearny Mesa office for the Natural Communities Conservation Plan.

Government Relations Update (Information)

Discussion
This report is an update of the Water Authority’s government relations program.

Legislative Activities
June 4 was the deadline for bills to pass out of the house of origin in the Legislature. In other words, Assembly bills introduced in 2010 must have passed out of the Assembly and Senate bills must have passed out of the Senate. During the week before the deadline, policy and fiscal committees do not meet. The committees began to meet again on June 7.

State Budget
The Budget Conference Committee began to meet on June 3. The conference committee consists of five members from each house of the Legislature, who meet to reconcile the versions of the budget passed by each house. When the conference committee issues its final report, the full Legislature will vote on the result. The Legislature will also have to negotiate with the Governor, because he must sign the budget for it to become effective. This is typically done through the so-called “Big Five” process, which includes the Governor, Senate President pro tem, Assembly Speaker, and the minority leaders of both houses.

Because of the size of the deficit, the choices are to raise taxes, cut programs, or a combination of both. The state has used borrowing and various accounting methods to balance the budget in past years, but those options have already been used and are becoming increasingly unavailable. The Governor’s proposed budget includes draconian cuts to social services and health programs. The Governor would also like to include pension reform in the final budget package.

The Speaker has said that the process will be completed in the conference committee and that the Big Five will not have to meet. He has predicted that the 2010-2011 budget will be passed by the constitutional deadline of June 15. On the other hand, the budget has rarely been passed on time in recent years. It is very possible that the budget deliberations will continue through the summer until the issues are finally resolved by the Big Five. The State Controller has announced that the state has sufficient cash to pay its bills through August.

Legislative Alert System
The Legislative Alert system was used in May to inform about bill recommendations and other activities in Sacramento and Washington, D.C.

Lobbyist Activities
Jonathan Clay of Carpi and Clay will provide a separate report of the firm’s monthly activities.
John White’s activities in May included:

- Meetings and discussions with legislative staff regarding water issues;
- Discussions with representatives of the Natural Resources Defense Council about continuing talks between NRDC and the Water Authority from last year;
- Meetings, discussions, and conferences calls with San Diego Water Authority lobbyists and management to discuss new developments, strategy, and assignments; and
- Weekly conference calls with board Chair Bud Lewis and Legislation, Conservation and Outreach Committee Chair Marilyn Dailey.

Bob Giroux of Lang, Hansen, O’Malley & Miller reports that he performed the following lobbying activities on behalf of the Water Authority in May:

- Met with key legislative staff in the Assembly Speaker’s and the Senate President Pro Tem’s offices for intelligence gathering;
- Meetings, discussions, and conferences calls with San Diego Water Authority lobbyists and management to discuss new developments, strategy, and assignments; and
- Weekly conference calls with board Chair Bud Lewis and Legislation, Conservation and Outreach Committee Chair Marilyn Dailey.

Washington, D.C.
The Natural Resources Council has issued a report on conditions in the Delta, which affirmed that restrictions on pumping to protect fish species are appropriate, but criticized the use of science to determine the levels of pumping that are protective. Federal judge Oliver Wanger in Fresno issued an order relieving the pumping restrictions, based on inadequate science supporting the restrictions, as well as inadequate consideration by the federal government of the impacts of the restrictions on urban and agricultural populations and economies. Some increased pumping has occurred as a result of this order.

Ken Carpi of Carpi & Clay will provide a separate report of the firm’s monthly activities in Washington, D.C. and provide oral remarks to the committee.

Status Report on Legislation and Legislative Positions (Information)

Background
Water Authority staff is currently reviewing 180 bills in the state Legislature and Congress for potential impact on the organization and its member agencies. Some of these bills are placeholder bills that do not propose substantive changes in the law, but which may be amended to propose such changes. The deadline for Assembly and Senate fiscal committees to hear and report on bills introduced in their respective houses was May 28. The last day for bills to be passed out of their house of origin was June 4.

The Water Authority’s staff and legislative advocates review each bill in the context of the adopted 2010 Legislative Policy Guidelines. The Legislative Policy Guidelines provide direction to staff and the Water Authority’s legislative advocates to communicate support or opposition to legislation and amendments. Bills for which staff recommends a position are brought before the Legislation, Conservation and Outreach Committee and the board for consideration.

Discussion
As of June 7, 2010, the board is sponsoring two bills in the Legislature, has taken a position of Support on eight bills, a position of Support, if amended on one bill, and a position of Oppose on five bills. An Oppose, unless amended position adopted previously on one bill was changed to a neutral position when the bill was amended in keeping with amendments sought by the Water Authority. The Water Authority adopted a position of Support on the Safe, Clean and Reliable Water Supply Act of 2010, the water bond measure which will appear on the November 2, 2010 ballot. The board adopted a position of Oppose on an initiative constitutional amendment that appeared on the June 8, 2010 statewide ballot. In addition, the board has taken a position of Support on one initiative which, if qualified, will appear on the statewide ballot as a constitutional amendment on November 2, 2010. The board has adopted a Support position on five federal bills and an Oppose position of one federal bill.

Water Authority staff and its legislative advocates will continue to track and monitor bills throughout the legislative session to ensure consistency with board policies, positions and the 2010 Legislative Policy Guidelines. Attached is a chart outlining current positions on legislation of interest to the Water Authority as of June 7, 2010. Also, attached is a comprehensive list of bills that are under review and are being monitored by staff and legislative advocates.

HEARING: 06/09/2010 11:00 am
SUMMARY:
Grants to the City of Santa Cruz and the City of Long Beach, respectively, all the right, title, and interest of the state in certain trust lands pursuant to an agreement of the State Lands Commission.

STATUS:
05/27/2010 To SENATE Committee on NATURAL RESOURCES AND WATER.

CA AB 2202
AUTHOR: Perez V [D]
TITLE: New River Improvement Project: Strategic Plan
FISCAL COMMITTEE: no
URGENCY CLAUSE: no
INTRODUCED: 02/18/2010
LAST AMEND: 04/29/2010
DISPOSITION: Pending
LOCATION: Senate Environmental Quality Committee
SUMMARY:
Requires that any funds appropriated for the New River development project be consistent with the strategic plan developed by the California-Mexico Border Relations Council. Declares the intent of the Legislature that these moneys not be appropriated, until the completion of the strategic plan or a specified date whichever comes first.
CA AB 2277

STATUS:
05/20/2010 To SENATE Committees on ENVIRONMENTAL QUALITY and NATURAL RESOURCES AND WATER.

AUTHOR:
Fletcher [R]

TITLE:
Water Conservation: Urban Retail Water Suppliers

FISCAL COMMITTEE:
yes

URGENCY CLAUSE:
no

INTRODUCED:
02/18/2010

LAST AMEND:
05/17/2010

DISPOSITION:
Pending

LOCATION:
Senate Natural Resources and Water Committee

SUMMARY:
Amends existing law that imposes various water use reduction requirements that apply to urban retail water suppliers and that requires an urban retail water supplier that supplies water to a United States Department of Defense military installation to consider specified requirements. Requires an urban retail water supplier that supplies water to that described military installation, for the purpose of preparing that implementation plan, to consider the conservation of that military installation.

STATUS:
05/17/2010 From SENATE Committee on NATURAL RESOURCES AND WATER with author's amendments.

05/17/2010 In SENATE. Read second time and amended. Re-referred to Committee on NATURAL RESOURCES AND WATER.

CA AB 2336

AUTHOR:
Fuller [R]

TITLE:
Delta Stewardship Council

FISCAL COMMITTEE:
yes

URGENCY CLAUSE:
no

INTRODUCED:
02/19/2010

LAST AMEND:
05/17/2010

DISPOSITION:
Pending

LOCATION:
Senate Natural Resources and Water Committee

SUMMARY:
Requires the Delta Stewardship Council, in developing and adopting the Delta Plan, to direct the Delta Independent Science Board to conduct an assessment of certain stressors and populations of native fish species in the delta, the Sacramento and San Joaquin rivers, and the tributaries to those rivers below the rim dams of the central valley, and recommend changes in statute and actions by state agencies to remedy the situation in as timely a manner as possible.

STATUS:
06/03/2010 To SENATE Committee on NATURAL RESOURCES AND WATER.

CA AB 2376

AUTHOR:
Huffman [D]

TITLE:
Fish and Wildlife: Strategic Vision

FISCAL COMMITTEE:
yes

URGENCY CLAUSE:
no

INTRODUCED:
02/19/2010

LAST AMEND:
05/28/2010

DISPOSITION:
Pending
Requires the Secretary of the Natural Resources Agency to convene a committee, with membership as prescribed, to develop and submit to the Governor and legislature, a strategic vision for the Department of Fish and Game and the Fish and Game Commission that addresses specified matters relating to state fish and wildlife resource management.

CA AB 2405

AUTHOR: Buchanan [D]
TITLE: Delta Flood Protection
FISCAL COMMITTEE: no
URGENCY CLAUSE: no
INTRODUCED: 02/19/2010
DISPOSITION: Pending
LOCATION: Assembly Water, Parks and Wildlife Committee
SUMMARY: Makes technical, nonsubstantive changes to the authority of the Department of Water Resources relative to the maintenance and improvement of levees in the Sacramento-San Joaquin Delta.

CA AB 2407

AUTHOR: Harkey [R]
TITLE: Regional Water Quality Control Boards
FISCAL COMMITTEE: yes
URGENCY CLAUSE: no
INTRODUCED: 02/19/2010
DISPOSITION: Pending
LOCATION: Assembly Environmental Safety and Toxic Materials Committee
SUMMARY: Revises the description of the boundaries of the Santa Ana Regional Water Quality Control Board and the San Diego Regional Water Quality Control Board.

CA AB 2420

AUTHOR: Huffman [D]
TITLE: Protected Species: Incidental Take
FISCAL COMMITTEE: yes
URGENCY CLAUSE: no
INTRODUCED: 02/19/2010
LAST AMEND: 03/24/2010
DISPOSITION: Pending
LOCATION: Assembly Water, Parks and Wildlife Committee
SUMMARY: Amends the State Endangered Species Act that provides if a person obtains a federal incidental take permit for an endangered species, that no further authorization or approval is necessary under the state act if specified notification is made to the Director of Fish and Game. Requires the inclusion in
that notice of specified additional information, including copy of the biological opinion along with an incidental take statement or a copy of the conservation plan with an incidental take permit.

STATUS:
03/24/2010 From ASSEMBLY Committee on WATER, PARKS AND WILDLIFE with author's amendments.
03/24/2010 In ASSEMBLY. Read second time and amended. Referred to Committee on WATER, PARKS AND WILDLIFE.

CA AB 2421

AUTHOR: Nielsen [R]
TITLE: Water Development Projects
FISCAL COMMITTEE: no
URGENCY CLAUSE: no
INTRODUCED: 02/19/2010
DISPOSITION: Pending
LOCATION: ASSEMBLY

SUMMARY:
Makes technical, nonsubstantive changes to existing law that adopts and authorizes specified projects in areas within the City of Sacramento and the Counties of Sacramento and Sutter at an estimated cost to the state of the sum that may be appropriated by the Legislature for state participation upon the recommendation and advice of the Department of Water Resources or the Reclamation Board.

STATUS:
02/19/2010 INTRODUCED.

CA AB 2422

AUTHOR: Berryhill T [R]
TITLE: Urban Water Demand Management
FISCAL COMMITTEE: yes
URGENCY CLAUSE: no
INTRODUCED: 02/19/2010
DISPOSITION: Pending
LOCATION: Assembly Water, Parks and Wildlife Committee

SUMMARY:
Requires the Department of Water Resources to convene an expert scientific panel to review, and provide recommendations for, updates to the model water efficient landscape ordinance and proposed rules, regulations, and guidelines relating to urban residential water demand management.

STATUS:
04/13/2010 In ASSEMBLY Committee on WATER, PARKS AND WILDLIFE: Failed passage.

CA AB 2431

AUTHOR: Fletcher [R]
TITLE: Renewable Energy Resources
FISCAL COMMITTEE: no
URGENCY CLAUSE: no
INTRODUCED: 02/19/2010
DISPOSITION: Pending
LOCATION: ASSEMBLY

SUMMARY:
Makes technical and nonsubstantive changes to existing law that requires the Public Utilities Commission to review and adopt a renewable energy
procurement plan for each electrical corporation, pursuant to the Renewable Portfolio Standard Program.

STATUS:
02/19/2010 INTRODUCED.

CA AB 2483

AUTHOR: Coto [D]
TITLE: Santa Clara Valley Water District
FISCAL COMMITTEE: yes
URGENCY CLAUSE: no
INTRODUCED: 02/19/2010
LAST AMEND: 05/19/2010
DISPOSITION: Pending
LOCATION: SENATE

SUMMARY:
Repeals the Santa Clara Valley Water District Act and enacts a substantially revised version of that act which would establish the Santa Clara Valley Water District and specifies its powers and purposes relating to integrated management of water supply, watershed stewardship, groundwater management, and flood management.

STATUS:
06/03/2010 In ASSEMBLY. Read third time. Passed ASSEMBLY. ****To SENATE.

CA AB 2488

AUTHOR: Ruskin [D]
TITLE: City and County of San Francisco: Regional Water System
FISCAL COMMITTEE: no
URGENCY CLAUSE: no
INTRODUCED: 02/19/2010
LAST AMEND: 04/08/2010
COMMITTEE: Senate Local Government Committee
HEARING: 06/16/2010 9:30 am
DISPOSITION: Pending

SUMMARY:
Relates to the San Francisco Bay Area Regional Water System Financing Authority Act and the Bay Area Regional Water Supply and Conservation Agency Act. Modifies the definition of public entities, eligible public entities, and a reference to master water sales contract to reflect a recent agreement. Clarifies the types of financial assistance available to the Bay Area Water Supply and Conservation Agency. Provides for the development of a regional water conservation program.

STATUS:
05/20/2010 To SENATE Committee on LOCAL GOVERNMENT.

CA AB 2507

AUTHOR: Strickland A [R]
TITLE: Drinking Water
FISCAL COMMITTEE: yes
URGENCY CLAUSE: no
INTRODUCED: 02/19/2010
LAST AMEND: 04/06/2010
DISPOSITION: Pending
LOCATION: Assembly Water, Parks and Wildlife Committee

SUMMARY:
Amends the Safe Drinking Water Act. Requires the local public health officer to
establish standards for, and be the primary enforcement agency over, local small water systems. Allows specified properties to use hauled water when no other water source is available for a single-family dwelling. Requires the application for use of such water to meet various requirements. Exempts such properties from the California Environmental Quality Act.

**STATUS:**

04/12/2010 Withdrawn from ASSEMBLY Committee on RULES.
04/12/2010 To ASSEMBLY Committees on WATER, PARKS AND WILDLIFE and NATURAL RESOURCES.

**CA AB 2575**

**AUTHOR:** Chesbro [D]
**TITLE:** Resources: Watersheds
**FISCAL COMMITTEE:** yes
**URGENCY CLAUSE:** no
**INTRODUCED:** 02/19/2010
**LAST AMEND:** 05/28/2010
**DISPOSITION:** Pending
**LOCATION:** SENATE

SUMMARY:

Requires the Department of Forestry and Fire Protection and the Board of Forestry and Fire Protection when implementing a pilot project to protect and restore the riparian zone in watersheds with listed anadromous salmonids to ensure that the industry, agencies, and the public have equal opportunity to participate in the development of the pilot project in a transparent manner and that the pilot project have certain goals.

**STATUS:**

06/02/2010 In ASSEMBLY. Read third time. Passed ASSEMBLY.  *****To SENATE.

**TITLE:** Water Treatment: Hazardous Materials
**FISCAL COMMITTEE:** yes
**URGENCY CLAUSE:** no
**INTRODUCED:** 02/19/2010
**LAST AMEND:** 04/22/2010
**DISPOSITION:** Pending
**LOCATION:** Assembly Appropriations Committee

SUMMARY:

Requires the state Emergency Management Agency to adopt regulations to require a public water system or wastewater treatment plant that is a release stationary source and is required to prepare and submit a risk management plan to consider the use of safer technologies by the system or plant in the plan.

**STATUS:**

05/28/2010 In ASSEMBLY Committee on APPROPRIATIONS: Held in committee.

**CA AB 2595**

**AUTHOR:** Huffman [D]
**TITLE:** Agriculture: Pesticides: Water Quality: Waste Discharge
**FISCAL COMMITTEE:** yes
**URGENCY CLAUSE:** no
**INTRODUCED:** 02/19/2010
**LAST AMEND:** 04/22/2010
Requires the County Agricultural Commissioner to withhold the issuance of an operator identification number for pesticide use under certain conditions relating to water quality. Requires the State Water Resources Board or a regional board to provide notice to specified entities if an operator of the property is in violation of any specified water quality requirements after exhausting all administrative appeals. Relates to violation civil penalties. Requires a certification upon remedying the violation.

CA AB 2669

Expresses the intent of the Legislature to encourage the Department of Water Resources to require a recipient of specified funds to comply with a community engagement process, and to give consideration to organization with relevant experience for the purposes of contracting or subcontracting service to complete a project's requirements, or consider specified methods to provide costs savings for high-priority water-related problems affecting disadvantaged communities.

CA AB 2679

Requires all state public buildings to conform to a specified compliance schedule to achieve reductions in energy and water consumption and to maintain specified water and energy reduction levels and all new buildings to have zero energy consumption or be grid neutral by a specified date. Requires each public entity operating a building to provide the Department of General Services an onsite assessment. Requires applicable public entities to adopt and implement processes in the Green Building Action Plan.

**TITLE:** Sales and Tax Use: Sustainable Development
**FISCAL COMMITTEE:** yes
**URGENCY CLAUSE:** no
**INTRODUCED:** 02/27/2009

Page 87 of 378
Exempts from a specified portion of the Sales and Use Tax Law, the gross receipts from sustainable development equipment investments of tangible personal property purchased for use by a qualified person and tangible personal property used primarily during the research and development process on qualified research and also for tangible personal property purchased by a qualified person for use primarily in any stage of the manufacturing, processing, refining, fabricating, or recycling of property.

CA SB 711

Amends the Ralph M. Brown Act. Requires a local agency, before holding a closed session for the purpose of having designated representatives report on a collectively bargained agreement with represented employees, to make the agreement publicly available a specified number of days before the meeting at which the agreement is to be reported.

CA SB 729

Relates to the Global Warming Solutions Act of 2006 which requires the State Air Resources Board to adopt regulations to require the reporting and verification of emissions of greenhouse gases and to monitor and enforce compliance with the reporting and verification program, and requires the board to adopt a specified statewide greenhouse gas emissions limit. Makes a technical, nonsubstantive change to a legislative finding within the act.
Enacts the Safe, Clean, and Reliable Drinking Water Supply Act of 2010. Authorizes the issuance of bonds to finance a water supply reliability and water source protection program. Authorizes the Department of Water Resources to impose fees on water users.

STATUS:
02/01/2010 In SENATE. Returned to Secretary of Senate pursuant to Joint Rule 56.
