San Vicente Reservoir

UPDATE

Summer Schedule begins May 1!

San Vicente Reservoir Update

Summer Schedule Returns!

Reservoir open Thursday through Sunday beginning May 1!

Starting on May 1, 2008 San Vicente Reservoir will be open Thursday through Sunday for its summer schedule. See the closure schedule to the right for recreation information.

The city of San Diego began lowering the reservoir's water level in early April, in preparation for the beginning of the San Vicente Dam Raise construction work. The reservoir will close to all recreation as soon as the water level no longer reaches the boat launch ramp, which is anticipated to be in August or September 2008. San Vicente Reservoir will be closed for six to nine years for the San Vicente Dam Raise project.

For more information about the construction projects at San Vicente or to sign up to be on the project email list, go to www.sdcwa.org. Click on "Infrastructure," then "ESP." If you have any questions about the projects, please call the toll-free project information line at **(877) 426-2010** or email ESPinfo@sdcwa.org.

San Vicente Reservoir Closure Schedule

| | Thurs. & Fri. | Sat. & Sun. | Mon. - Wed. |
|--|--|-----------------------------|---------------|
| May 2008 - Mid-2008 | Thurs: Fishing Activities Only Fri: Fishing/Water Contact | Open for Water Contact Only | Always Closed |
| Mid-2008 through Construction and Refill | Closed | Closed | Always Closed |
| | The reservoir will reopen to recreation sometime between 2014 and 2017, as soon as the water level reaches the new boat launch.* | | |

See the city of San Diego's website for up-to-date information at www.sandiego.gov/water/recreation.

*The amount of time needed to refill the reservoir will depend on rainfall and water supply and demand. The Water Authority is working with the city of San Diego to reopen the reservoir to recreation as soon as possible.

San Diego County
Water Authority

The San Diego County Water Authority is a public agency serving the San Diego region as a wholesale supplier of water. The Water Authority works through its 24 member agencies to provide a safe, reliable water supply to support the region's \$157 billion economy, job base, and quality of life for more than 3 million residents.
