This half-day course is designed to provide recycled water users in the state of California with the necessary information required to become fluent in the operational practices of recycled water. The $60 registration fee includes learning materials and a supervisor identification card. Course objectives include:

- Roles and responsibilities of a Site Supervisor at a recycled use site.
- Identifying potential and direct cross-connections and learning appropriate preventative measures.
- Practicing appropriate techniques for the safe and efficient use of recycled water.

The training will be held at the City of San Diego’s Public Utilities Department Training Center: 5510 Kiowa Drive, La Mesa, CA 91942

— Testing materials will be available in Spanish —

Public Utilities Department is authorized by IACET to offer .4 CEUs for RWSS.
